

Sports report for the year 2015-16

“A healthy nation is always a wealthy nation” therefore it is necessary to lay stress on Sports and Games as both physical and mental well being are the prerequisites of great achievements in everyone’s life.

So keeping in mind this essential feature, we in our college, impart training to our students in the sports and games arena, thereby making them active, sportive, dashing, daring and capable of meeting all sorts of challenges in their future life. Sports and games also helps in channelizing the energy and vitality of the students, removes monotony in life, gears them up for a disciplined life style. The overall personality of a student is thus moulded in the formative years and they learn to accept both victory and defeat with grace.

I would like to start my report with the K U Inter collegiate tournaments, 2015 the proud privilege and honour of conducting the games was again given to our college for the third time in August 2015. We left no stone unturned in conducting these tournaments. Our efforts yielded rich fruits. Our college’s name and fame has reached greater heights throughout the State of Telangana. In spite of stiff competition, our college students through their stamina, speed, skill, strength and spirit won all the games they took part in.
